Project: Dayton Children's Hospital Facilities Master Plan Tower

Call for Artists: Dayton Children's Hospital would like to feature purchased art in the public areas of its new, 8-story patient tower, opening Spring 2017, as well as in the public areas of its south campus facility that is under expansion will include outpatient specialty care center, emergency department and an ambulatory surgery center opening August-September 2016, January 2017 and Summer 2017, respectively. Artwork will be selected and placed based on content, style and cost.

Art Mission Statement: By providing positive distractions to children of all ages, art will play an important role in supporting the healing process while enhancing the patient and family experiences throughout the hospital and its south campus facility. The desire is for the art to inspire hope and possibilities through whimsically sophisticated elements of discovery that complement the "Things that Fly" theme that pays tribute the Dayton's claim to fame as the birthplace of flight. Learn more about the project at <http://transformcare.childrensdayton.org>.

Art Guiding Principles: Selected Artwork will:

1. Remain safe
2. Appeal to childlike wonder in all ages
3. Include community collaborations
4. Remain timeless / minimal upkeep and maintenance
5. Create an integrated visual experience in which architecture, graphics, wayfinding and art blend seamlessly.

To: Artists living within Dayton Children's Hospital's 20-county service area will be given priority consideration followed by Ohio artists and other artists across the United States. All artists whose works meet the required criteria described herein will be considered. The service area includes the following 20 Ohio counties:

- | | | |
|------------|---------------|---------------|
| 1. VanWert | 8. Clinton | 15. Union |
| 2. Allen | 9. Montgomery | 16. Champaign |

| 6. Butler | 13. Fayette | 20. Auglaize |
| 7. Warren | 14. Madison | |

Issue Date: November 18, 2015

Submittal Deadline: January 15, 2016

Required Criteria: Research has determined that art can help reduce stress and offer the possibility of improved patient outcomes when the imagery is appropriate. Based on research Dayton Children's Hospital is requesting artwork that supports its Things that Fly theme that appeals to the child-like wonder in all ages, represents diversity, inspires imagination, conversation while creating positive distractions for patients throughout their hospital journey. Some thematic examples include, but are not limited to: birds/hummingbirds, balloons, rockets, airplanes, dragonflies, honey bees, kites, shooting stars, sun or other. Artwork depicting dark shadows, cloudy or dark skies or confrontational wildlife will not be considered. For more information on what makes art healthcare appropriate visit <http://distinctiveartsource.com/evidence-based-art>
